Dear Sir
Your Ob: Sr.
Robert Stuart

N. B. On examining your Bank interest a/c: (by request of Capt. Swift,) I find that part of it is made out in accordance with commercial usage i.e. calling 360 days a year; but other parts at 365 days; there are several errors besides, & the dates of several items do not correspond with your a/cs: current — Please to make out a new & accurate a/c of interest from your Books, & send it while the Trustees shall be here — I think the difference will be in your favor, if your new a/c: be made out on the basis of 365 days to the year — Pray lose no time in attending to this —

R. S.
