

## State Central Committees

The General Assembly revised the Election Code in 1984, offering an alternative composition for each State Central Committee. The State Central Committee of each political party may choose to: 1) elect one central committeeman from each congressional district; or 2) elect one male and one female committeeman from each congressional district. As a result, the Democratic Party has chosen to elect one female and one male from each congressional district, while the Republican Party has opted for one central committeeman per congressional district.

State Central Committee members are elected every four years in their respective party's primary election. The following committee members were elected in the 2010 primary election to serve four-year terms. As a result of the 2011 congressional reapportionment, State Central Committee members will be elected under the new Congressional District Map (see pages 43-44) in the March 18, 2014, primary election. At the time of publication, the election had not yet been held.
