Enclosed are the forms and information needed to obtain a license to sell vehicles in the State of Illinois. Instructions to complete your application are inside. Please carefully review all documents.

The brochure on Illinois Laws and Regulations for Vehicle Dealers explains the following:

- Requirements for the premises for a dealer's established place of business. Note that the business office mentioned in this brochure (a-1) cannot be located in a residence.
- Laws and regulations pertaining to supplemental lots, off-site sales and exhibitions permits.
- Use of dealer plates by the dealer and records of such use.

The following items must be submitted along with your signed and notarized application:

- Certificate of Insurance in the business name and location. The minimum amounts of coverage are: \$100,000 for bodily injury, \$300,000 for each accident, \$50,000 for property damage. The insurance must not expire before December 31.
- Original \$20,000 Illinois vehicle dealer's bond or certificate of deposit in the business name and the Secretary of State's name (the original CD must be submitted).
- If property is leased, copy of the lease that cannot expire before the term of the license for which you are applying.
- Notice of proper zoning form (if you are in the city of Chicago, a copy of your city business license is acceptable).
- If selling new vehicles, copy of your franchise agreement from the manufacturer.
- If you have a repair shop, proof you obtained or applied for a hazardous waste generator number issued by the Illinois Environmental Protection Agency.
- Correct fee.
- Receipt from an Illinois State Police-approved vendor verifying a criminal background check was done.
- Receipt showing completion of the Secretary of State training program.

Pursuant to the Illinois Administrative Code 1020.10, which defines the Dealers Established Place of Business Rule, two entities cannot be licensed at the same location. Therefore, if you are applying at a location where an existing license has already been issued, that entity must surrender its license, Certificate of Authority, dealer plates, ID card and temporary registration permits (TRP), or apply for a change of address before a license can be issued to you.

NOTE:

All required items must be submitted together or your application will be rejected. The address and phone number of the dealership **cannot** be the same as your residence. Please read all the information in this packet.

In addition to the information and requirements explained in the enclosed brochure and forms, please note that a newly licensed dealer cannot be issued more than **one master set of license plates, seven duplicate sets and eight additional duplicate sets of license plates**. Please refer to the fee schedule on the application. Also, for a dealer to sell vehicles at an additional location during the license period, an application for a *Supplemental Certificate of Authority* must be submitted to the Secretary of State along with the proper fees.

Upon receipt and review of the application, required fees, the bond or certificate of deposit, and Certificate of Insurance, an appointment will be made by the Secretary of State's office to inspect your place of business. The inspection will determine that your place of business meets the requirements. Do not submit your application until your place of business is ready for inspection.

(See inside for detailed instructions.)

Mail Application

Mail all supporting documents, fees and application to: Secretary of State, Vehicle Services Department, Dealer Licensing Section, 501 S. Second St., Rm. 069, Springfield, IL 62756.

Criminal Background Check Required

Per the Illinois Vehicle Code (625 ILCS 5/5-105, Investigation of Licensee Required), all applicants for a license must complete a criminal background check. Applicants must contact an Illinois State Police-approved live-scan fingerprint vendor. For a complete list of approved vendors, please contact: Illinois State Police, Bureau of Investigations, 815-740-5160, askisp@isp.state.il.us. **A receipt from one of these vendors must be submitted with the application for license. Any application not containing a fingerprinting receipt or any other required documentation will be returned to the applicant.**

Required Training

Individuals applying for a used car dealer's license for the first time are required to attend an eight-hour training provided by the Illinois Secretary of State's office. The training must be completed prior to a license being issued. The training will cover a variety of topics affecting dealerships, such as licensure requirements, applicable taxes and consumer protection laws. To register for the next available training, please call 217-785-2050.

Electronic Temporary Registration Permit (TRP)

The program goal is to provide law enforcement a mechanism by which TRPs can be traced to specific individuals or entities, thereby reducing fraud and increasing public safety. The issuing agent will record electronically the sale of a TRP, including owner and vehicle information for each TRP issued. The information will be on a server in the Secretary of State's information center. A TRP username and password will be assigned after issuance of a license.

For technical questions, please call 866-825-7926.
